2221 Union Street
Oakland, CA

Dear Ms. Chu:

On December 10, 1999, Aqua Science Engineers, Inc. (ASE) removed from the site the stockpiled soil that was generated during overexcavation activities surrounding the outdoor drain in the yard area of the site. The soil was hauled by Lutrel Trucking to the Forward, Inc. landfill in Manteca, California under Non-Hazardous Waste Manifests, attached. On December 10, 1999, Forward, Inc. accepted 36.90 tons of soil from the site for disposal at their facility; see attached letter.

The afore-mentioned tasks complete the soil remediation activities at the site. Should you have any questions or comments, please feel free to call us at (925) 820-9391.

Respectfully submitted,
