Cheri Mccalou, RWQCB

Dave DeMent called her re: site, issue id we did not approve site closure.

We discussed site history. Consultants did not perform approved work on-site & offsite; offsite contaminaiton issues, directed requested sampling activities on offsite properties; data reporting lacking, numerous data reporting/quality issues that consultatn unable to substantiate. Additionally, onsite another source area identified & not investigated, this work is pending, thus not eligible for closure.
