Jay,

Thank you for claiming the site. We will review the case once personnel become available. If you would like to pursue reimbursement in the future, the Underground Storage Cleanup Fund is the place to look for that.

Regards,

Barb Jakub

Dear Mr. Foolad:

I am attaching the Authorization form and the most recent (2007) SWI report re the completed removal and cleanup of the underground tank that was located at 2515 Blanding Avenue, Alameda. Please let me know at your convenience if additional information or documentation is required in order to satisfy our regulatory oversight obligations. Am I correct in assuming that having submitted the attached information to you that we are now qualified or ready or permitted or eligible to file for reimbursement of the expenses we experienced in complying with the cleanup regulations?

Respectfully,

Jay Garfinkle
