Dear Ms. Sedlachek,

Please prepare a conceptual site model (CSM) for the site to comply with the Low-Threat Closure Policy. Prepare The CSM in accordance with the State Water Resources Control Board's Leaking Underground Fuel Tank Guidance Manual dated September 2012. Please identify any remaining data gaps and present a work plan to assess the data gaps that are identified.

Present your CSM with data gap work plan by April 15, 2013 (File to be named: SCM\_WP\_R\_yyyy-mm-dd).
