WORK PERFORMED THIS QUARTER (Fourth Quarter 2006):

1. Prepared and submitted the Third Quarter 2006 Status Report.
2. No environmental work was conducted at the site during the Fourth Quarter 2006.

WORK PROPOSED FOR NEXT QUARTER (First Quarter 2007):

1. Prepared and submitted this Fourth Quarter 2006 Status Report (contained herein).
2. Investigate acceptability by Oakland Unified School District to drilling in open space of Oakland High School, north of and in lieu of drilling within Park Boulevard.

DISCUSSION:

No environmental work has been performed for this site since early 2005. In a letter dated 16 October 2006, ACEH authorized BP to implement the Work Plan Addendum for Offsite Investigation, submitted by URS on 5 April 2005. Due to encroachment issues with City of Oakland and proximity to 16-inch diameter high-pressure gas main and other underground utilities, BAI and Stratus are investigating the potential acceptability of the Oakland Unified School District to drilling within open space at Oakland High School immediately north of the previously approved Hydropunch boring locations. A Site Map is provided as Drawing 1.
