Phone call from Jim Gribi.

Jim called to inform me that Dave DeMent has left ACC Environmental and that he has been contracted by ACC to oversee the Pacific Pipe site. Jim was confused about dates of reports and work plans and asked if I seen the most recent results of the 2007 fieldwork. I inform Jim that we only have the 2006 work plan and our letter requests that the RP implement the work and past incomplete scope of work and submit a SCM, report, and identify data gaps in a work plan. Jim said he may be asking for a due date extension.
