Paresh, I was hoping you could find some time to speak with us this week regarding the diesel fuel release at our Oakland site? Nothing formal, we just need to try to get an idea of scope and budget moving forward this year.

Let me know what is most convenient, thanks.

Hello John,

I hoping we could push this back about two weeks so that I can have the opportunity to review your recent report. As you are aware, the State Board has mandated several tasks for local agencies, which has altered our usual work flow.

Thank you in advance for your understanding.

Sincerely,

Paresh C. Khatri

Paresh,

We are in the process of preparing scopes of work, schedules and budgets for the Earthgrains Bakery Site in Oakland. We were hoping that we could speak with you regarding our requirements to obtain closure for the Site considering the data presented in our September 2009 closure request and in light of the recent developments with the UST guidance and the UST Fund in California.

Please let me know if you have time in your schedule next week to discuss our project. I can set up a conference call and send you another e-mail or an outlook schedule if you use this software. This should not take too long.

You can call me at any time if you have questions.

Thank you, we look forward to speaking with you.
