Dear Mr. Khatri:

This letter is being sent to inquire as to the status of the Alameda County Health Department of Environmental Health review of the Rolls-Royce Engine Service Oakland (RRESO), Tier I Screening Assessment, submitted in October, 2010. RRESO is planning to perform a Tier II assessment and would like to include comments (if any), regarding the Tier I, to be provided by Alameda County.

Please forward comments, if possible no later than the end of March 2012, as that is when work is expected to commence on the Tier II assessment.

Sincerely,
