Hello Dave,

My time has been diverted by changes in the regulatory environment, and we're too close to the holidays to schedule this month. I have reviewed my supervisors schedule and selected a date in mid-January. As my supervisor is out of the office today I am unable to confirm the time/date, and I can't verify that her schedule is up to date. My supervisor is aware that I've pushed this back, so I am confident we can arrange a meeting in January.

Respectfully,
Keith Nowell

Hello Keith,

Just was in need of an update regarding our request for a meeting. Again, we will be happy to come to your office and meet to discuss the Rolls-Royce Site. In attendance would be Colleen Liang from Port of Oakland, Yane Nordhav from Baseline Consultants, Myself and Kyle Flory of PES Environmental. When we last discussed the request for meeting, you had indicated that the request was in works? I have to inform the Team and my Management staff regarding progress of this request, so if you can let me know status it would be much appreciated!

Thanks!

Dave
