Subject: RO2606- RR test facility
Entry Type: Phone call
Start: Wed 8/1/2012 9:06 AM
End: Wed 8/1/2012 9:11 AM
Duration: 5 minutes

I received a call from Dave Goldberg at RR re test frequency. His consultant had sent out a request for a meeting to discuss test frequency- I recalled that they wanted to go annual monitoring. Dave said this is incorrect- that they wished to reduce the scope of testing in some of the wells and to reduce the sample frequency for some of the wells. Dave also said they don't need a meeting- they just wanted a response to their request. I said my chief concern regarding a reduction in sampling is how it would affect the removal of free product at the site. Dave assured me free product removal is performed weekly and it would not be affected by the proposed changes. I said I would review the request and get a letter out to him.
