SUBJECT: WORKPLAN IMPLEMENTATION
SBC PE171 Facility
7240 Johnson Drive, Pleasanton, CA 94566

Dear Mr. Schultz:

SBC had previously submitted on or about March 4, 2005, a workplan to implement a Limited Focused Site Assessment at the above subject Site to the Alameda County Environmental Health (Agency). Said workplan dated March 4, 2005 was prepared by SBC consultant Hydrologue Inc.

Under 23 Cal. Code Reg. § 2726(c)1, promulgated under H & S C §§ 25299.37, 25299.77 and 40 Code Fed. Reg. §§ 280.65, 280.66, Hydrologue, Inc. (HI) on behalf of SBC may implement the workplan sixty (60) calendar days after submittal, unless the responsible party is otherwise directed in writing by the regulatory agency. Here more than sixty (60) calendar days have now elapsed after submittal of the workplan and the Agency has not directed SBC in writing.

Therefore, HI will implement said workplan by initiating field activities on or about August 23, 2005 at 8:00 AM. Well permits have been filed with ZONE 7 WATER AGENCY.

Very truly yours,
HYDROLOGUE, INC.

Christopher P. d'Sa, M.S.
Senior Project Manager
