Dear Mr. Freitag:

This Department has received and reviewed your plans dated July 16, 1992, on behalf of Airco Special Gases at 1588 Doolittle Drive, San Leandro. As presented in the plan, a former containment area for aqueous calcium hydroxide is to be paved with asphaltic concrete and used as a parking area. This Department has no objection with the plan as presented for conversion of the surface impoundment into a paved parking area.

The deposit account established for review of the plan will be closed and all remaining funds will be returned to you. If you have any questions regarding this letter please contact me.

Sincerely,

Robert Weston  
Hazardous Materials Specialist

Dear M. Freitag:

I have reviewed your report of September 5, 1990, Job No. R90026, concerning analysis of soil samples from a lime pit at 1588 Doolittle Drive, San Leandro. Based on the analytical data in your report it appears that this lime pit does not contain hazardous waste and is of no regulatory concern to us at this time.

Please contact me at (415) 271-4320 if you have any questions.

Sincerely,

William Faulhaber,  
Hazardous Material Specialist
