Re: **CLOSURE OF UNDERGROUND STORAGE TANK**

Dear Mr. Summers:

Thank you for the analytical reports concerning the removal of three underground storage tanks at **8683 Patterson Pass Road, Livermore, CA**. The reports (*WEST's October 2000 Closure Report Former Monarch Airport*; *Pacific States' November 1998 Closure Report for the Underground Storage Tank Removal Activities at the Monarch Airport*; *Kleinfelder's July 1997 Soil and Groundwater Assessment Report*; and, *Wahler Associates' February 1989 Preliminary Environmental Survey Report*) have been reviewed and it is our opinion that the tanks were closed in compliance with Title 23 of the California Code of Regulations.

No further investigations or cleanup actions are required. Please be aware that further work may be required if conditions change or a significant water quality threat is discovered at this specific site.

If you have any further questions concerning this matter, please contact me at (510) 567-6762.

Sincerely,

eva chu
Hazardous Materials Specialist
