Dear Mr. Belyea:

I am in receipt of the Phase II investigation report, dated April 22, 1996 prepared by Dames and Moore for the above referenced site. In order to offset the cost of staff time to provide oversight and to ensure closure, a deposit of \$1500.00 will be required. This deposit is authorized by Alameda County ordinance code section 3-141.6 to cover expenses incurred by county personnel for their oversight duties. Records are maintained of the time County employees commit to a project and the deposit will be debited at the rate of \$90.00 per hour for any time dedicated to your project. Any money remaining in your account at the end of the project will be refunded and additional monies may be needed if the project exhausts the fund.

Please submit a check payable to "Treasurer, County of Alameda" with the words "Site Mitigation" written on the check for proper credit. Also, please make sure to include the complete address of the site for which the deposit- refund account is being established.

If you have any questions, you may reach me at (510) 567-6764.

Sincerely,

Madhulla Logan
Hazardous Material Specialist
