Re: Remedial Action Completion at 1395 Middle Harbor Road,  
Oakland, CA 94607

Dear Mr. McBride:

This letter confirms the completion of site investigation and remedial action for the soil contaminated with PCB (Aroclor 1260) at American President Lines, Ltd marine terminal located at the above referenced address.

Based upon the available information and with the provision that the information provided to this agency was accurate and representative of site conditions, no further action related to the surface contamination by PCB is required.

If you have any further questions concerning this matter, please contact me at (510) 567-6762.

Sincerely,

eva chu  
Hazardous Materials Specialist
