Dai: I have attached copies of the cover sheet and the Fact Sheet for Oak Walk. Please include a copy of the 500' radius figure with your mailings. The cover sheet is a pdf because I needed to include my signature. Please either insert the date, if you don't have the capability to edit a pdf you might have to print the pdf & then insert the date. The Fact Sheet must be edited to include the actual 30 day period (currently saying July 9, 2007-August 9, 2007). Also the second page should also be completed to indicate the correct date in August equating to the last day of the 30 day period. The labels have been left at our front counter. Please e mail me when all the letters have been sent out.

Thanks
