Responsible Party Identification Background

Alameda County Environmental Health (ACEH) names a "Responsible Party," as defined under 23 C.C.R. Sec. 2720. Section 2720 defines a responsible party 4 ways. An RP can be:

1. "Any person who owns or operates an underground storage tank used for the storage of any hazardous substance."
2. "In the case of any underground storage tank no longer in use, any person who owned or operated the underground storage tank immediately before the discontinuation of its use."
3. "Any owner of property where an unauthorized release of a hazardous substance from an underground storage tank has occurred."
4. "Any person who had or has control over an underground storage tank at the time of or following an unauthorized release of a hazardous substance."

ACEH has named the responsible parties for this site as detailed below.

Existence of Unauthorized Release

In May 2004, under dispenser containment upgrades were performed at the site. Soil sample analytical results detected hydrocarbon contamination.

Responsible Party Identification

East Bay Municipal Utility District (EBMUD) owns the subject property. EBMUD is a responsible party because it owned the USTs (definition 1), operated the USTs for storage of hazardous substances (definition 2), owned the property where an unauthorized release of a hazardous substance from an underground storage tank has occurred (definition 3), and had control over the USTs at the time of or following an unauthorized release of a hazardous substance (definition 4).
