Mr. Moore,

I've attached a copy of the landowner certification form that state law requires be filed before a site can be closed. This form is intended to document all landowners so that all can notified of the pending closure and any restrictions on the land (so no one is caught by surprise). The original copy was returned as it only went to your former offices in San Ramon. Please fill it out and return it to my attention. Email or mail will work. (And just so you know – lack of a response will stop the closure).

Also and FYI in regards to the public notification We're about half way through the period. Just one question / comment regarding the closure has been received from the public; however, I've not been able to make contact with that individual (no responses to my return calls).

If you have questions, please let me know.  
Thanks,

Dear Mr. Garcia and Ms Wallace:

As you are aware, an investigation resulting from underground storage tank leaks was performed at the subject property to which you are named as the primary or active responsible party. Pursuant to Section 25297.15 (a), Alameda County Environmental Health (ACEH), the local agency, shall not consider cleanup or site closure proposals from the primary or active responsible party, issue a closure letter, or make a determination that no further action is required with respect to a site upon which there was an unauthorized release of hazardous substances from an underground storage tank subject to this chapter unless all current record owners of fee title to the site of the proposed action have been notified of the proposed action by the primary or active responsible party. ACEH is required to notify the primary or active responsible party of their requirement to certify in writing to the local agency that the notification requirement in the above-mentioned regulation has been satisfied and to provide the local agency with a complete mailing list of all record fee title owners.

To satisfy this requirement, please complete the enclosed "List of Landowners Form," and mail it back to ACEH within thirty (30) days from the date of this letter. Also your comments, if any, must be considered prior to the proposed cleanup or closure. Please respond within 30 days from the date of this letter for your comments to be considered.

Should you have any questions, please contact me at (510) 567--6876 or send me an electronic mail message at [mark.detterman@acgov.org](mailto:mark.detterman@acgov.org).

Sincerely,
