RE: Status on Environmental Review of Commercial Property locate at 2500 Grant Avenue San Lorenzo, California 94580 CASE #RO0002761

Dear Steven:

I am writing to see if you have an estimate time of completion for your review of the existing SLIC case on the above mentioned property. It is my understanding that funds were given to the Alameda County Environmental Health Department for the case review in June of 2008. The remaining environmental issue on the property was to be cleared by 8/1/2008 as a condition of a loan the bank has made to the current owners. Any information would be appreciated, thank you.

Should you have any questions, please feel free to call me (Charles) at 408-556-5238.
