Mr. Cheng,

Thanks for your email. So you are aware, I was contacted by Concrete Wall Sawing yesterday. I will place your message in the file so that we can use it to sort out the case at some point. Unfortunately with these older cases that can take some time due to time constraints and more critical sites (for some reason no one wants to raise taxes to hire yet another County employee). At some point in the past the parcel number for the San Leandro Industrial Center was identified as the parcel number for the environmental release associated with this case (2501 vs. a 2505 street address). This will obviously need to be investigated. Unfortunately you may continue to receive these message until this is resolved; sorry for any inconvenience until that time.
