Kaiser Permanente Med. Center - 280 W. MacArthur Blvd. Oak 94611

- 3/5/90 - Met Ken Ayers @ Kaiser site (no work going on, hold) ^{2:00 PM}
Kaiser is working with Geo matrix to determine extent of contamination.
- Ken provided us w/ copies of manifests on soil disposal 2-21-90 & 2-23-90.
 - will provide us w/ copies of soil analysis, & work plan
 - recommended to put ^{Hazardous Waste} labels on storage container w/ contaminated soil & pentachlorophenol (PCP). Container was locked
 - suggested to cover all exposed soil surface on pile & on hill side to prevent rain from run out
 - will contact us as to the activities on site.

3/5/90 - Rec'd a call from Bob Blair of Scotts Comp. @ 9:00 AM
He mentioned about disposal of soil if it pass Criteria of article II

4/6/90 - Called Ken Ayers about contamination
