Susan Gallardo called to ask when the closure summary will be reviewed. I informed her that I am in the process of reviewing the site and should be done with my review by the end of the month. If the site appears ready for closure, the RWQCB will get the case closure summary for review and it should be back by the end of the first quarter. Susan requested that I inform her when it goes to the RWQCB.

Her phone number is 510-663-4137
