Dear Messrs. Schmier, Schmier, and Wendel:

Alameda County Department of Environmental Health (ACDEH) staff has reviewed the case file including ACDEH's most recent directive letter dated June 9, 2017. As you are aware there has been changes in state policy. On May 1, 2012, the SWRCB adopted the Low Threat Underground Storage Tank Case Closure Policy (LTCP), which became effective on August 17, 2012.

As detailed in the June 2017 directive letter, additional data was collected and documented in the *Results of Soil and Groundwater Investigation*, report dated October 5, 2015, that was submitted by Eler & Kalinowski, Inc. (EKI). ACDEH would like to discuss the results of the investigation with you and your consultants to determine a path to closure for the subject case in light of the LTCP. Please provide ACDEH with several dates and times during which a meeting can be scheduled to discuss the path to closure. ACDEH staff will select dates and times from your list to arrange the meeting. Please provide the list of available dates and times by **June 22, 2018**.

As your email address does not appear above, ACDEH is requesting you provide your email address so that we can correspond with you quickly and efficiently regarding your case. Online case files are available for review at the following website: <http://www.acgov.org/aceh/index.htm>.

Thank you for your cooperation. ACDEH looks forward to working with you and your consultants to advance the case toward closure. Should you have any questions, please contact me at (510) 567--6876 or send me an electronic mail message at mark.detterman@acgov.org.

Sincerely,

For non-petroleum UST cases, reports and deliverables requests are pursuant to California Health and Safety Code Section 101480.

ELECTRONIC SUBMITTAL OF REPORTS

A complete report submittal includes the PDF report and all associated electronic data files, including but not limited to GEO_MAP, GEO_XY, GEO_Z, GEO_BORE, GEO_WELL, and laboratory analytical data in Electronic Deliverable Format™ (EDF). Additional information on these requirements is available on the State Water Board's website (http://www.waterboards.ca.gov/water_issues/programs/ust/electronic_submittal/)

- Do not upload draft reports to GeoTracker
- Rotate each page in the PDF document in the direction that will make it easiest to read on a computer monitor.

GEOTRACKER UPLOAD CERTIFICATION

Each report submittal is to include a GeoTracker Upload Summary Table with GeoTracker valid values¹ as illustrated in the example below to facilitate ACDEH review and verify compliance with GeoTracker requirements.
