Dilan,

We still have not received a response from you regarding our request to schedule a meeting with you and Ms. Drogos regarding the subject site. Again, we are available to meet any day and any time that works for you.

I look forward to hearing from you shortly.

Sincerely,

Kasey L. Jones

Dear Ms. Roe,

Stratus has conducted the second quarter 2012 groundwater monitoring event for the subject site. Although we plan to prepare and submit a formal groundwater monitoring report, I have attached a letter that describes the events that occurred this quarter and includes the laboratory data. The letter has been uploaded to the ACHED website and to GeoTracker.

Once you are able to review the attached letter and the data contained therein, we would like to schedule a meeting at your offices to discuss these events and laboratory results as well as the site status in general. Please let us know what date and time is your earliest convenience for the meeting. Thank you.

Sincerely,

Kasey L. Jones

Hi Kasey:

We would like to review the results of the recent groundwater sampling conducted at the site prior to scheduling the meeting for the subject site. You may send the data via email, however please note that eventually the data will be required to be uploaded to GeoTracker and the ACEH ftp site.

Dilan,

We are available any day the following week, but preferably earlier in the week on either Monday (4th) or Tuesday (5th). Late morning or early afternoon works best for us.

Thank you and have a wonderful holiday weekend.

Sincerely,

Ms. Roe,

Stratus (Gowri Kowtha and myself) and Mr. Cary Grayson would like to schedule a meeting at your offices to discuss the status of the project and to develop a plan of action, moving forward toward low-risk closure of the subject site. We are available to meet with you on the following dates: May 10th, 11th, 14th and 15th at any time of the day.

Please let us know what date and time works best for you. Thank you and we look forward to meeting with you.

Sincerely,
