I spoke with Mr. Howard Wong (Montessori Plus owner) this afternoon regarding our proposed meeting. I originally suggested meeting either Jan 2nd or 3rd. Mr. Wong suggested that the second week in January would work better for him. I asked Mr. Wong to forward to me which day(s) and times would best work for him and I would forward these to the group and identify a day and time which would best fit. Mr. Wong will contact the Property owner and arrange for their attendance at the meeting.

No, I understand you're with Alameda County :) When I spoke with Donna earlier today I suggested DTSC would like to meet with the County and the School owner. My supervisor suggested we also invite the Property owner to the meeting. I am still looking for contact information for the School owner. Would you happen to have that? Thanks!

Bud,

I think you might have me mistaken for the school owner. I am the Alameda County Environmental Health case worker for the site. I provided you with the owners contact information.

Thanks

Hi, Rupa.

Thank you for your e-mail. I appreciate you keeping me in the loop. I look forward to meeting you, if not earlier, then on January 3. We will likely invite the Property Owner as well as the School for our meeting.

Bud,

I am the case worker providing oversight for the Montessori school. I will contact the property owner, consultant and the tenants to determine what changes have been made to the HVAC system. As yet, the sub slab soil vapor investigation has not been completed beneath the school.

Contact for the School operator is:
