Mr. Javaherian,

The fact sheet is essentially the same except for the date the public participation expires, February 10, 2012. The additional mailing is required as previous mailing radius omitted some of the potentially affected stakeholders surrounding the dry cleaners.

Following the public participation period, all comments received to date, including any comments from ACEH, will be forwarded to you. At this time, ACEH does not anticipate any significant changes to the CAP. However, please be aware that the public participation period is still underway and additional comments, which may be received, will need to be addressed. This could potentially affect the Final CAP.

Sincerely,

Hi Paresh-

To clarify, do the instructions below translate to a new fact sheet and an extended public review period through February 10th, and that there is no change to the Draft CAP based on the comments received to date?

Thanks in advance
Mehrdad

Dear Mr. Roessler,

Thank you for providing ACEH with the Fact Sheet mailing lists. Based on our review, and comments received from affected stakeholders, additional Fact Sheet mailings are required. In order to provide adequate notification to surrounding stakeholders, a two-hundred (200) ft radius was used to generate the mailing list (attached). Please cross-reference this list with your existing list and mail out additional Fact Sheets to those stakeholders who have not received it.

For this additional mailing, which also includes the parents and faculty of the Montessori Pre-school and KinderCare facility, please include the August 26, 2009 Fact Sheet as well as the current fact sheet. Combined, the two Fact Sheets should provide a comprehensive summary of the environmental assessment that has taken place and what is still proposed.

Please contact me should you have any questions regarding this e-mail.

Hi, Paresh.

Just to let you know that the 2009 Fact Sheet contained an error (I am not the PIO for DTSC, that person is Mary Misemer [916-255-3617]), and Debbie Oudiz no longer works at DTSC. However, if someone contacts myself or Marcus we can hopefully answer any of their questions, or forward them to someone that can.

Thank you for keeping DTSC in the loop.
