Jerry:

If you recall, Global Premeir Development submitted a PMP for the above site to enter the VAP as part of the Prop 1C, Brownfields grant program.

This site was awarded grant funding, but the funds have not been distributed due to budgetary constraints. In your letter dated October 31, 2008, you indicated a technical report submission date of February 3, 2009. Since that time, I called you and advised that the start of the project has been delayed due to the funding restrictions. We intend to begin the project within the next several months, and are requesting a new technical report submission date.

Can you provide a new date?

Thank you for your attention to this matter.
