Mr. Wickham,

Good morning. I am continuing to revise the Soil Closure Report for the Red Star Yeast project at 1396 5th Street in Oakland, CA. I have revised and/or clarified many of the comments but am still working on completing the remaining portions. I respectfully request an extension from the due date of February 21, 2013. To gather the remaining information, I would appreciate an additional three weeks beyond the 21st. Please let me know if this is acceptable to you. I apologize for having to make this request of you and your office, but under the circumstances, I must.

Thank you for your consideration.

Mark
