Subject: RO 0002899, Site Investigation at PG&E's Piedmont Substation "E", 408 Linda Ave.,
Piedmont, CA 94611

Dear Ms. Goodin:

As you are aware, ACEH has been requested to continue oversight of the subject site, this time within and beneath the existing building. The new identification number for the site is RO0002899. Our previous oversight was for the subject site, that which lies outside the existing building. This site was issued a no further action letter dated May 12, 2005 and the identification number of the site was RO0002633.

In order for ACEH to review reports for the new site, the existing building, we require an oversight account for the site. To set up your account, please send a check in the amount of \$6000.00 payable to Alameda County Environmental Health. Please send your check to the attention of our Finance Department.

This initial deposit may or may not be sufficient to provide all necessary regulatory oversight. ACEH will deduct actual costs incurred based upon the hourly rate specified below. If these funds are insufficient, additional deposit will be requested. Otherwise, any unused monies will be refunded to you or your designee.

The deposit is authorized in Section 6.92.040L of the Alameda County Ordinance Code. Work on this project is being debited at the Ordinance specified rate, currently \$166.00 per hour.

Please write "SLIC" (the type of project), the site address and the AR# 315291 on your check.

If you have any questions, please contact me at (510) 567-6862.

Sincerely,

Arto Lew
Division Chief
