Hi Leroy,

Can you send me a case transfer form for this site & the info I requested below regarding the Haz Mat violations, chemicals used, owner identity, etc., from the CUPA file for this site? I would like to close the loop on listing this site.

Thanks, Donna

Hernan & Jessie,

I'm not sure whose area this is but can you send me copies of info regarding the Haz Mat violations, chemicals used, owner identity, etc., from the CUPA file for this site. The RP sent me the report & requested review, I made it a case after discussing with LeRoy. The additional info from your files will help us identify the source of contamination & proceed with the case. Please also send over a case transfer form with the CUPA info. Thank You!! Donna

Hi Leroy,

I have a Phase 2 report for 5105 E 8th St., indicating metals & high Lead present in soil, (only shallow soil investigated). Report indicates site had numerous HazMat violations against it & was forced to shut down in 2000.

Do you want to transfer the case over as a SLIC? Please let me know & send over a case transfer form & pertinent info from the CUPA file that would be helpful to us in evaluating the source of pollution at the site.

Thanks, Donna
