

Subject: RO2905 Frank Goldman
Entry Type: Phone call

Start: Thu 4/10/2008 3:22 PM
End: Thu 4/10/2008 3:22 PM
Duration: 0 hours

Frank Goldman called to ask about the gasoline plume at site. I indicated that if plume was narrowly confined, a soil vapor sample in that area of site may be sufficient. Will need to investigate possible sources and the service bays on site to determine whether site is a source of VOCs.
