Subject: 224 Rickenbacker Circle - Livermore

Jerry,

As requested in your letter dated June 26, 2007, we have prepared a Revised Work Plan for 224 Rickenbacker Circle, Livermore. This work plan has been uploaded to your ftp site. We have addressed your comments in the revised work plan; however, the property owner has requested, at this time, that we hold off on the indoor air sampling until we have completed further investigation on the Property to address data gaps. As such, we have proposed additional soil gas sampling work on the Property. In regards to the Work Plan for Off Site Investigation, we have obtained permission to conduct sampling activities on the adjoining property to the west and the adjoining property to the south. We have contacted, and are currently waiting for a response, from the adjoining property owners to the east and southwest. Pursuant to the adjoining owner's responses, we will prepare and submit the requested work plan for your review. If you have any questions regarding the revised work plan, please feel free to contact us.

Thank you,

Kelly Krohn | ENGEO Incorporated - *Expect excellence* | 2010 Crow Canyon Place, Suite 250 | San Ramon, CA 94583 | Office: 925-866-9000 | Fax: 888-279-2698 | www.engeo.com
