Larry,

Attached is the last letter from my agency requesting regulatory oversight funds. According to our records, the funds were not received.

Regards,  
Jerry Wickham

**Subject:** Closure for 224 Rickenbacker Circle, Livermore, CA

Mr. Wickham,

We were working with your office for the remediation of the above referenced site. We got to the point in the process where no further remediation was necessary but did not final the process. We would like to do that now and obtain a final case/site closure letter. Please let me know what else needs to happen on our end to facilitate this.

Thank you,
