INVITATION TO COMMENT – POTENTIAL CASE CLOSURE

**CITY OF OAKLAND PARKING LOT
910 BROADWAY, OAKLAND, CA 94607
SITE CLEANUP PROGRAM CASE RO00002914
GEOTRACKER GLOBAL ID T06019705750**

July 11, 2016

The above referenced site is a Site Cleanup Program (SCP) case that is under the regulatory oversight of the Alameda County Department of Environmental Health (ACDEH) for the investigation and cleanup of petroleum hydrocarbons and metals contamination. Site investigation and cleanup activities have been completed, and it does not appear that residual contamination presents a risk to human health and the environment. Therefore, ACDEH is considering closure of the case. Due to the residual contamination on site, the site would be closed with site management requirements that require further evaluation if the site is to be redeveloped in the future.

This notice is being sent to the current occupants and landowners of adjacent properties and known interested parties for this site. The public is invited to review and comment on the potential closure of the case. The entire case file can be viewed over the Internet on the ACDEH website (<http://www.acgov.org/aceh/lop/ust.htm>) or the State of California Water Resources Control Board GeoTracker website (<http://geotracker.waterboards.ca.gov>). Please send written comments to Keith Nowell at ACDEH, 1131 Harbor Bay Parkway, Alameda, CA 94502; all comments will be forwarded to the responsible parties. Comments **received by August 10, 2016** will be considered and responded to prior to a final determination on the proposed case closure.

If you have comments or questions regarding this site, please contact the ACDEH caseworker, Keith Nowell at 510-567-6764 or by email at keith.nowell@acgov.org. Please refer to ACDEH case RO0002914 in any correspondence.
