Hi Steven –You seem to be talking about Ocean Avenue below (the one that is now under DTSC oversight) but I most recently asked you about Orange Street (#2921), The Mary Kranz site where the UFST was removed that is upgradient of Oakland Avenue. That is the one we most recently discussed that you indicate you had passed on the letter to Donna for. Isn't that what is being referred to below?

Can we invoke the 60 days rule? This is going to be painful for Mary who is trying to complete the Trust work... What is Donna objection or what does Donna want?

As for your personal plans for Croatia. Very cool! When do you leave?

Lets talk.

Best Regards--Richard

Richard,

During my weekly meeting with Donna, she did not agree with my WP approval letter. Consequently, I have not been able to complete the WP approval as we discussed.

The WP approval will be a high priority when I return from my holiday in Croatia. I will be out of the office until June 2

Thank you for your cooperation.

Sincerely,

Hi Stephen:

We cannot complete the SES November 15 2007 workplan scope by the March 31, 2008 deadline requested by you. The work has not been initiated as yet due to the property owners needing to consider options. Please provide a three-month extension.

Best Regards--Richard
