Subject: RO2922, Oakland
Entry Type: Phone call
Company: ACC

Start: Wed 4/15/2009 2:45 PM
End: Wed 4/15/2009 2:45 PM
Duration: 0 hours

Julia Siudyla called about the site in downtown Oakland with the new building on it. She said there was a large excavation and a vapor barrier was installed at the site and that a letter was submitted to that effect. I asked her to address the comments in my letter and mention these other things so we can sort out what more data is needed on-site.
