Subject: Shore Acres Gas, 403 E 12th St., Oakland County RO0002931

Mr. Jones: In order to send out the Notice of Responsibility (NOR), which enables you to apply for the Cleanup Fund, we need to identify the Responsible Part(ies) for the release. By definition this includes:

- any owner or operator of a UST
- any property owner
- anyone who had control of the UST at the time or following a unauthorized release

We are having difficulty in confirming who is/are the RPs to name in the NOR. The assessors records indicate the current prop owner are Rashid Sohial and Waseem Ghani, 226 Havenwood Crst., Pittsburg, CA 94565. Mr. Rashid Ghafoor filled out the tank forms A&B and signed as the tank owner. He applied for a permit to upgrade the USTs and gave his address as 301 Anchor Drive., Bay Point, CA howeve the permit to operate his food sales lists his address as 4228 Null Dr., Antioch, CA 94509. When I spoke with Mr. Ghafoor he said that Mr. Sohial owns the property and tanks and business and he only runs the business for him (his cousin).

Please clarify which party (s) are the correct RPs and what their correct addresses are.

Thank you
