Rashid,

The report is not available because it was denied until the EDF and Geo-well submittals are uploaded. Once these are submitted, the report will be back on Geotracker. ACEH has a copy on our website and I reviewed it this week and will make edits to the letter and send my directive letter out today. So it may reach you overseas.

If you still need to call, I'll be here Monday. We don't have caller ID so if I am at my desk, I usually answer.

Subject: CUF# 19009

Ms. Jakub,

Hope you are doing well. I am e-mailing you as the owner of the site located at 403 East 12th Street Oakland, Ca. CUF# 19009 T0600174667

We submitted our report on January 27, 2012 and recieved an e-mail stating that it had been uploaded. I recently checked the Geotracker site and noticed that the report is no longer on the site.

Call me crazy but I have been checking the website everyday since Jan 27, 2012 to see if we have gotten a response or not. The report missing from the site has got me concerned and I wanted to see what the issue was.

I am currently overseas on a one year deployment and I will try to call you on the phone on Monday. The will try calling via Skype so the caller id may look unfamiliar.

Thank you for you help in advance and look forward to working with you.

Thanks,

Rashid
