**Subject:** Re: Regulatory Oversight of UST Fuel Release at 1409 12th Street, Oakland

Hi Joseph - I spoke with the Chuck Headlee, Toxics Section leader for UST cases. He informed me that the fact that these sites are in the Regional Board's Orphan Site Cleanup Account Grant is irrelevant. He said the cases should remain in the oversight of the Alameda County Environmental Health agency, since they are the lead agency for fuel UST cases in Oakland, through the State Water Resources Control Board's Local Oversight Program grant. Please follow up with Donna Drogos at (510) 567-6721, regarding the necessary investigation and cleanup for these two cases. I will assist the Alameda County on technical matters, if needed. Thanks.

Sincerely,
