**Subject: Rescission of Reauthorization to Discharge Treated Groundwater under the Requirements of Order No. R2-2012-0012, NPDES Permit No. CAG912002 (VOC and Fuel General Permit)**

Facility: Groundwater Treatment System located at 1409-1417 12<sup>th</sup> Street, City of Oakland, Alameda County

Dear Ms. Thompson:

I hereby rescind the March 22, 2012, Reauthorization to Discharge issued to you.

On August 8, 2013, the Alameda County Environmental Health, the lead cleanup oversight agency, concurred that groundwater discharge will be no longer required at this facility. Another groundwater cleanup method with no need to discharge to surface water will be implemented should groundwater requires additional treatment. There has been no discharge to surface water since October 30, 2011.

If you have any questions, please contact Lou Gonzales at (510) 622-2365 or e-mail at [lgonzales@waterboards.ca.gov](mailto:lgonzales@waterboards.ca.gov).

Sincerely,

Bruce H. Wolfe
