Subject: RE: Hanson Radum RO#0002941 - request for an extension for report submittal

Katrin,

Based upon your request, the schedule for submittal of the Site Assessment report for the former asphalt plant for case RO2941 is extended to November 30, 2007.

Regards,
Jerry Wickham

Subject: Hanson Radum RO#0002941 - request for an extension for report submittal

Hello Jerry,

As I had mentioned when we last spoke, LFR, on behalf of Hanson, would like to request an extension for the submittal of the Site Assessment/Summary report describing the results of investigations conducted at the former hot mix asphalt plant located in the southwest portion of the Hanson Radum facility at 3000 Busch Road, Pleasanton, CA. This extension request is for RO#0002941 only. If you approve, we would like to submit the summary report by November 30, 2007.

We plan to submit a summary report describing results of investigations conducted on the rest of the site (RO#0002952) by October 26, 2007, per your June 22, 2007, letter.

Please let me know if you have any questions or comments regarding this request.

Thank you, Katrin.
