Barney - are you using the zero after the T and after the 4? should work. Try copying the T0619778840 into the geotracker locator

also Maria Campos correct address is:

8 Southwaite Court, Orinda, Ca 94563

Bob: I cannot find the site in Geotracker, either by the global id or address. Please confirm it is there and tell me what it is named or how to look it up if it is there.

Thanks
 Barney

Barney: The site ID is T0619778840. I am not sure who listed the site (may the OFD?) I will get the files uploaded as soon as I receive permission from the Geotracker site.

Peter: Geotracker is a statewide database that lists leaking underground fuel tank sites.
