Area of Concern 1 and Areas of Concern 2 through 5
3000 Busch Road, Pleasanton, California
(ACEH SLIC Case Numbers RO0002941 and RO0002952)

Dear Messrs. Rigter and Wickham:

Thank you for your 15 August 2013 letter granting extensions until 20 December 2013 for the due dates of the forthcoming technical reports for the above-referenced sites. As you know, field efforts are ongoing at these sites and the scope of work has expanded significantly since mid-August. Therefore, Haley & Aldrich is respectfully submitting this request to further extend the deadlines for submittal of technical reports from the current due date of 20 December 2013 to a revised date of 31 January 2014.

We would like to assure you that we are making significant progress on implementing the approved closure and work plans,¹ but simply require more time to properly complete field activities and prepare documentation.

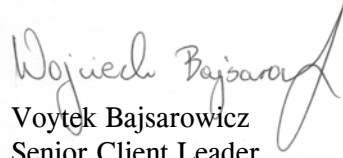

Please advise us at your earliest convenience if this request is acceptable.
