Ryan,

Good figure. I also received a set of project plans from Mr. Puig. Please incorporate the figure with a brief written response to the technical comments in my 2/29/2008 correspondence to document the status of the hydraulic lifts and clarifier. Attached are instructions for submittal to the ACEH ftp site.

Regards,

*Jerry Wickham*

**Subject:** AMCAL

Jerry,

Attached is the figure you requested showing:

- Former location of gas station building
- Former location of lifts and clarifier within former gas station building
- Soil sampling locations and ND results at the former lifts and clarifier
- Soil vapor sampling locations and ND results at the former gas station building
- Overlay of proposed buildings (note ND soil vapor result where former gas station building overlaps proposed building).

I hope this helps with your review and please let me know if you need any additional information. Thanks.

Ryan T. Marcos, CAC
