Hi Jerry,

Thank you for your conditional approval of the work plan.

The reason that I did not include soil vapor sampling at this stage is that the site may require some type of remediation after corrective action analysis. Thus, it may be better off to do soil vapor sampling at a later stage.

Thank you again for your prompt review and approval.

Good morning Jerry,

I very much appreciate if you could review the work plan soon. The proposed work scope is essentially the same as you requested in your letter of January 12, 2011. The State OSCF will not release fund until receiving your approval of the work plan.

Thank you very much.

Subject: R02959: work plan submitted

Hello,

A work plan for well installation and additional soil sampling for R0#2959 has been uploaded to the County's ftp site and the State GeoTracker site.

Thanks.
