12/5/07, 252p, Tom Reese, excavation contractor for EBRPD, 925-831-0956  
site in CV  
small area to excavate, wants to discuss

12/13/07, 250p, lft msg for him

12/13/07, 307p, Tome Reese, contractor for park district at 17930 Lake Chabot marine maintenance yard  
small leak from AST, want cleanup requirements

want to dig out & haul out, WP, requirements for sampling  
cell 510-410-1255, office 925-831-0956

12/14/07, 1155a, Tom reese, EBRPD, 510-410-1255  
re: contaminated soil

12/17/07, 240p, discuss site, told him of my converstaion with EBRPD, said it was an issue to pay reg deposit, that's where case left. I plan to list as case in january & followup for deposit, not working on case until deposit submitted however.

he would like to submit plan for excavation, told him that is okay if uploaded to ftp, however no review until deposit received.

10/18/07, 923a, Jeff Lebow, EBRPD, 510-544-2560

He talked to Rob, moved old diesel UST  
any tips on remediation, other work is trenching.

10/22/07, 1105a, Chris Pasis, Decon Env Env, 510-377-3864

client wants to know if he heard from me  
pursue 2nd part of project  
do now or direction on problem

10/25/07, 130p, Chris Pacis, Decon

wants approval to just excavate. Told him new case just received. Will need to create a case for this site. He want s approval now. I will talk to RP.

10/25/07, 215p, EBRPD, Jeff Lebow

very long phone call, explain process of case listing & case assignment. Next steps of investigation, excavation may be possible, they can present plan for next phase of work.

Told him will need to set up a deposit/refund account for this SLIC site, this time is billable. He objects they are not a case, they are a CUPA case contamination found now SLIC case.

He wants me to prepare detailed followup e-mail to him of all items discussed in phone call. Told him that is not an appropriate use of time nor funds on case. Case will proceed with case listing, review by caseworker & issuance of a directive letter.

He is going to proceed with installtion of his product line.

Nike Missile site when military owned

now for diesel fired boiler, propane leak, want to reinstall product line now, recc considering alternate location.
