Mr. Jerry Wickham,

I would like to request more time to complete what you have requested from us. Since our company has moved to Stockton our company has been struggling financially. It is our strong desire to complete what you have requested but do not have the funds to provide just yet. We do have some demolition jobs in the next two months which we believe will generate extra income to help move forward. We appreciate your patience so far and only ask you be patient a little more.

Just to explain how things have been the last couple of months: the scrap market has gone down a lot in all metals, demolition jobs are scarce, and when there are demolition projects out to bid other contractors bid very low. We are fortunate to have contract for one job and very close to obtaining another. Times like these have I never seen before. Please help us, we are just families trying to survive during these times.

Please inform me what you decide. Thank you.
