Mr. Nowell:

We are still working on obtaining the Fee Title information that you have requested for the above referenced location. According to the Alameda County Assessor's Office there is currently only one property owner for this location. However, assessors records are not always correct. That being said, Antea Group has been in contact with the person we believe is the property owner (Mr. Ali Aliasgari) of this location several times in the past three weeks, but due to his lack of cooperation and difficulty in understanding him on the phone, we are still not certain that Mr. Aliasgari is the sole property owner. Therefore, I am sending staff to the site today to meet with Mr. Aliasgari in attempt to get clarification as to the ownership of this property. If Mr. Aliasgari confirms that he is the sole property owner, Antea Group will then forward the Fee Title form on the Mr. Shane Nolan of Platinum Energy for his signature. Once the form has been signed by Mr. Nolan, Antea Group will forward on to you.

Don't hesitate to contact me if you have any questions.

Regards,
