**Subject:** Fuel Leak Case No. RO0002971--2301-2307 Lincoln Ave., Alameda CA-notification of excavation job start-March 15th, 2011

Mr. Wickham,

Pursuant to your regulatory letter for the above mentioned site (dated December 13<sup>th</sup>, 2010), CRA is providing advance notification that the excavation is scheduled to begin on March 15<sup>th</sup>, 2011. If you prefer to perform onsite inspection activities, please be sure to bring the appropriate personal protective equipment (Level D-including safety glasses, steel toe boots, reflective vest and hard hat). If you prefer to observe specific field activities (soil sampling, stockpile or sidewall), please let us know so we may inform you with enough advance notice to avert project delays in the field. We look forward to performing the project safely and to your expectations. Please contact Peter Schaefer or myself for any questions. Thank you.
