Subject: Example Site Management Plan; Ambassador Laundry (RO2973)
Attachments: SITE_MANAGE_ADEND_R_2013-11-21.pdf

Jessica,

I've attached an example Site Management Plan (SMP) from another site that was recently submitted. It is for a site undergoing redevelopment, which required an SMP for unexpected areas of contamination (which have been found and which the document is handling reasonably well from what I understand). The Ambassador Laundry site is not under construction but has largely passed through this phase, consequently, this SMP would need to be modified to fit the particulars (future underground repairs, etc.) of the site.

Should you have questions, please let me know.
